Conflict Minerals: Benchmark Gensuite Subscriber Case Study

CUSTOMER PROFILE:

> Multinational transportation equipment manufacturer

> Global supply chain with several hundred suppliers

CUSTOMER NEEDS:

> ### INTEGRATE
Solution to integrate with existing supplier engagement, due diligence, and data collection processes to address related responsible sourcing and product compliance regulations

> ### ENABLE
Solution to enable rapid response to customer requests for company-level and division-level CMRTs as well as streamlined roll-up

CUSTOMER RESULTS:
Successful integration of due diligence and reporting activities into a single, integrated Benchmark Gensuite solution with automated Customer response generation and streamlined U.S. SEC reporting

Manage All Aspects of Your Responsible Sourcing & Product Compliance Programs

Benchmark Gensuite's Responsible Sourcing & Product Stewardship solutions provide holistic program management and service capabilities for Supplier Risk & Auditing Programs and Product Compliance & Stewardship programs.

Benchmark Gensuite Responsible Sourcing

Benchmark Gensuite Responsible Sourcing solution enhances the client-supplier relationship to promote responsible sourcing practices. Assess and audit supplier conformance with Environmental, Health & Safety, Social Responsibility, and Sustainability expectations. Ensure supply chain continuity through supplier risk assessment, segmentation, and corrective action follow-up.

Benchmark Gensuite Product Stewardship

Benchmark Gensuite Product Stewardship$_{TM}$ solution streamlines product compliance program management and facilitates supply chain due diligence across Regional and Global programs. Centralize and integrate supplier data collection and product compliance tracking through a suite of tools that supports cross-functional teams and enables compliance management across regulatory priorities (REACH, RoHS, Conflict Minerals) and rapid response to customer requests for supplier and product information.
